

2023 School Improvement Plan Summary

Evanston Gardens Primary School

Goals	Targets	Challenge of Practice	Success Criteria
Increase the percentage of students achieving the standard of educational achievement (SEA) and higher bands in reading	<p>2022: At least 19 out of 28 (65%) of year 3 students will achieve the SEA in NAPLAN reading. At least 20 out of 26 (75%) year 5 students will achieve the SEA in NAPLAN reading.</p> <p>2023: At least 24 out of 40 (65%) of year 3 students will achieve the SEA in NAPLAN reading. At least 6 out of 40 (15%) of year 3 students will achieve higher bands in NAPLAN reading. At least 20 out of 31 (65%) of year 5 students will achieve the SEA in NAPLAN reading. At least 3 out of 31 (10%) of year 5 students will achieve and remain in higher bands in NAPLAN reading. At least 20 out of 33 (60%) of year 1 students will achieve SEA (score of 28 or above) in the phonics screening check in term 3.</p> <p>2024: At least 18 out of 25 (75%) of year 3 students will achieve the SEA in NAPLAN reading. At least 5 out of 25 (25%) of year 3 students will achieve higher bands in NAPLAN reading. At least 19 out of 27 (70%) of year 5 students will achieve the SEA in NAPLAN reading. At least 6 out of 27 (=20%) of year 5 students will achieve higher bands in NAPLAN reading. At least 20 out of 33 (60%) of year 1 students will achieve SEA (score of 28 or above) in the phonics screening check in term 3.</p>	If we explicitly teach consistent, evidence-based, differentiated literacy blocks based on the Simple View of Reading and Reading Rope, we will improve the number of students achieving the standard of educational achievement and higher bands in reading.	We will see each student R-6 accurately decode and demonstrate language comprehension to become skilled, independent readers.
Increase the percentage of students achieving the standard of educational achievement (SEA) and higher bands in mathematics	<p>2022: At least 18 out of 28 (65%) of year 3 students will achieve the SEA in NAPLAN mathematics. At least 18 out of 26 (70%) of year 5 students will achieve the SEA in NAPLAN mathematics.</p> <p>2023: At least 28 out of 40 (70%) of year 3 students will achieve SEA in NAPLAN numeracy. At least 6 out of 40 students (15%) of year 3 students will achieve higher bands in NAPLAN numeracy. At least 18 out of 31 (60%) of year 5 students will achieve SEA in NAPLAN numeracy. At least 3 out of 31 students (=10%) of year 5 students achieve higher bands in NAPLAN numeracy</p> <p>2024: At least 18 out of 25 (75%) of year 3 students will achieve SEA in NAPLAN numeracy. At least 6 out of 27 (24%) of year 3 students will achieve higher bands in NAPLAN numeracy. At least 16 out of 27 (60%) of year 5 students will achieve SEA in NAPLAN numeracy. At least 5 out of 27 (18%) of year 5 students will achieve higher bands in NAPLAN numeracy.</p>	If we implement consistent, evidence-based, differentiated numeracy teaching we will improve the number of students achieving SEA and higher bands in mathematics	<p>We will see each student state and explain and describe their progress towards maths learning intentions and success criteria; and use feedback to improve.</p> <p>We will see each student demonstrate understanding of developmentally appropriate number concepts, flexibly applying understanding, fluency, problem solving and reasoning to be confident and engaged mathematicians.</p>
